

A2A HARRISON ASSESSMENT

EQUIPPING LEADERS, EMPOWERING CHURCHES

With Harrison Assessments, we've found a reliable tool that helps us place the right people in the right positions

Wim Van der Meersch - Chief Human Resources Officer

WHAT IT IS:

The Harrison Assessment is a powerful tool that evaluates both technical competencies and behavioural traits to identify a person's suitability and effectiveness for specific ministry roles.

Ideal for church planters, senior pastors, ministry leaders, leaders and emerging leaders.

The assessment is paired with personalised feedback and coaching to support leadership development, ministry fit, team effectiveness, and long-term growth.

The Harrison Assessment can be done individually or as a group, making it a valuable tool for improving team dynamics and productivity

WHY IT IS AN EFFECTIVE TOOL:

- Supports personalised coaching and development by identifying the strengths and qualities needed for a specific ministry role.
- Helps place the right people in the right roles, strengthening ministry effectiveness and reducing team turnover
- Strengthens individuals, teams, and churches by helping people understand and maximise their strengths while addressing areas for growth.

HOW IT IS DELIVERED:

1. On-line assessment (40 minutes approx.).
2. Follow up a follow-up coaching session (60 minutes approx.) to discuss assessment feedback.
