

A2A MENTORING TRAINING

EQUIPPING LEADERS, EMPOWERING CHURCHES

The deepest and best work of the mentor is to come alongside – to comfort and encourage as God's presence – Keith Farmer

WHAT IT IS:

This course equips mentors and mentors-in-training to build relationships of trust that empower others to grow in faith, recognise God's work in their lives, and fulfil their God-given potential.

WHY IT IS IMPORTANT:

The Mentoring Training Course equips mentors to recognise the character-shaping challenges that influence who a mentoree is becoming. The course empowers the mentor to support long-term, step-by-step transformation by helping mentorees grow in:

- **Spiritual formation** – growing in relationship with Jesus.
- **Key relationships** – nurturing healthy connections
- **Emotional health** – developing self-awareness, resilience, and maturity.
- **Sustainability** – maintaining healthy lifestyle rhythms
- **Potential vulnerabilities** – identifying and addressing areas of risk.

HOW IT IS DELIVERED: Online mentoring training modules are available through the A2A Course Library. Follow-up mentoring coaching is available.
